

Trivets/Wall Art

These items are suitable for use as a trivet or as decoration. There is a keyhole slot in the back so they can easily be hung on a wall. The lettering is carved into the wood and painted (except for item A2). Each item has a satin polyurethane finish.

Warning

If using these items as a trivet, be careful about placing extremely hot pots or pans on them. Extreme heat may scorch the wood and/or damage the finish.

Descriptions

Item # - A1
